HARD SKILLS

- **Programming Languages:** JavaScript (ES6+), Python, HTML5, CSS3, PHP.
- **Backend Development:** Node.js, Express, REST APIs, JSON, JWT, WebSockets
- **Databases:** MongoDB, Supabase.
- **Tools & Deployment:** VSCode, GitHub, Render, npm, Aws, Docker.
- **Web Design:** Responsive Design. Tailwind CSS
- **Office Suite:** Advanced MS Excel, Word, PowerPoint, Access
- **AI Automation:** Advanced development environment setup, integrating AI tools (OpenCode, Claude Code, and scripts) into system terminals and IDEs (VS Code).

SOFT SKILSS

- Organization and responsibility
- Problem solving
- Continuous learning
- Teamwork
- Effective communication
- Time management
- Adaptability

LANGUAGES

- Spanish: Native speaker.
- English: Advanced (Intermediate reading).
- Portuguese: Advanced (Oral & reading).

EDUCATION

Secondary School Diploma
Colegio Del Sol | 2017 – 2023

General Automotive Mechanics
Instituto Modena | Jun 2023 – Dec 2023

FEATURED PROJECTS

Portfolio Full Stack (Frontend + Backend)

Full stack portfolio built as a personal platform, developed with TanStack Start, React 19, TypeScript, Vite, Node/Nitro and Tailwind CSS. It integrates Supabase/PostgreSQL, MongoDB, Groq-powered AI chat, authentication, CRUD admin panel, analytics, project manager, messages, CV, ES/EN i18n, storage and Render deployment.

🔗 portafolio-linkedin.onrender.com

FlowSpace - Enterprise SaaS Platform

Implementation of Kanban drag & drop, real-time chat, collaborative documentation, calendar, reports, and role management. Full-stack architecture with React, Node.js, Express, MongoDB Atlas, Socket.io, and JWT authentication.

🔗 saas-s8fl.onrender.com

Commercial Page - Urban-Style

Full-stack e-commerce platform for managing and selling apparel. Implementation of secure authentication, account recovery, 2FA, shopping cart, and order processing. Backend with inventory management, product administration, and user management.

🔗 urban-style-db89.onrender.com

SyncWeave — Real-Time Web Editor

Real-time collaborative cloud editor without account friction. Built with React and TypeScript on the frontend, and a Node.js/Express backend using WebSockets (Socket.io) for instant sync and MongoDB for storage.

DEVELOPMENT EXPERIENCE

- Development of modern and scalable Full Stack web applications.
- Frontend architecture using HTML, CSS, JavaScript, and modern frameworks.
- REST API development and backend implementation with Node.js and Express.
- Database integration, authentication systems, and user management.
- Full integration between frontend, backend, and external services.
- Process automation and AI-powered tool integration.
- Development of admin panels, dashboards, and management systems.
- Performance optimization, user experience enhancement, and responsive design.
- Cloud deployment and application maintenance using Render, Vercel and Netlify.
- Version control, collaboration, and project management with Git and GitHub.

WORK EXPERIENCE

- **Full-Stack Dev (03-2025 / ACT.)**
Full Stack Developer specializing in the development of modern and scalable web applications, using JavaScript, Node.js, Express and MongoDB
- **DF Soluciones Tecnológicas, RA-10 (07-2025 / 02-2026)**
Electrical installation at the Ezeiza atomic center
- **Ocasa (02-2025 / 07-2025)**
Assistant Operator
- **Electricista en SACDE (06-2023 / 11-2023)**
Wiring, connection and maintenance
